Kits

- Be sure to remove the clear strip from the LED lights battery pack if it is still there.
- Tape the battery pack to the underside of the jar lid.
- Twist or wind your lights to help reduce bulk.

Use the supplies included to create your own butterfly fairy garden!

Use other items to create a unique scene, such as mini-figurines, plants, or turn your jar into a nightlight!

Tips:

- Use the tooth picks to create stands in the “grass stone.”
- Stick your butterfly stickers together around a stand to create a double-sided view (use glue to help secure them).
- Use the wire and clothes pins to hang mini pictures.
